We wish to thank the people of Salyersville and Magoffin county for the many acts of kindness shown us during the sickness and death of our dear daughter and sister, **Blanche Patrick**. These kind acts and deeds will ever be remembered by us. The kindness and sympathy shown us has helped to lessen the burdens we have had to bear and was a consolation to us in our dark hours of trouble. May you be rewarded by the Giver of all good.

Poetry and Music.
If I had to live my life again I would have made a rule to read some poetry and listen to some music at least once every week; for perhaps the parts of my brain now atrophied would thus have been kept active through use. The loss of these tastes is a loss of happiness, and may possibly be injurious to the intellect, and more probably to the moral character, by encumbering the emotional part of our nature.—Charles Darwin.

The Junior Order decorated their departed brethrens graves last Sunday at the Prater grave yard and at the Uncle Bill Tackett grave yard. A large crowd attended the service at the Tackett grave yard. Services were conducted by their chaplain Rev. J. D. Conley and Rev. Tackett. After the services at the grave yard they adjourned to meet at the home of Elijah Caudill where short services were held. Mr. Caudill has been suffering for some time with tuberculosis and it is thought that he cannot live long.

NOVEL AND DAINTY SANDWICHES

Every hostess, when entertaining, racks her brain for something that will be a little different from those served by her friends. When preparing the sandwiches why not use fancy cutters instead of the squares and triangles which have been the thing so long? Some will say, "there is so much waste in using cutters." That is true, but those scraps need not be wasted, and sandwiches of this kind are so much more attractive, a point that every entertainer strives for.

The greater variety of cutters you possess the more stylish will be your refreshments.

The hardest part of making sandwiches is in cutting the bread thin enough. The more wafer-like, the more dainty they are.

To make especially nice sandwiches, the crust of the bread is removed. The butter used for spreading sandwiches should be creamed until soft and waxy. Nuts chopped and mixed with cream cheese will make most delectable sandwich filling.

When meat is used it is better to chop it and add the desired seasonings and milk or cream to make it of the consistency to spread.

Spanish peppers pounded to a paste and mixed with cream cheese is another tasty combination.

An excellent sweet sandwich is made sugar grated and mixed with chopped almonds, or marmalade or preserved gingered pears make a nice filling, chopped fine.

Flour pounded to a paste and mixed with a little salad dressing makes good sandwiches.

Preserved ginger chopped and thinned to spread with some of the sirup is another favorite with those who are fond of ginger.

The Holy Spirit

By REV. JAMES M. GRAY, D. D.
Dean of the Moody Bible Institute
Chicago

TEXT—"Have ye received the Holy Ghost since ye believed?" Acts XIX, 2.

Paul met certain disciples in Ephesus whom at first he supposed to be Christian disciples, but in whose testimony there was that which led to the inquiry, "Have ye received the Holy Ghost since ye believed?" It is evident, therefore, from these words and from the sequel that it is one thing to be a disciple, and another thing to "receive the Holy Ghost."

This brings up the whole question as to the relation of the Holy Spirit to the disciple, or the believer in Christ. 1. The personality of the Holy Spirit. We should keep in mind that the Holy Spirit is a divine person. Personality consists in self-consciousness and free will, and that the Holy Spirit possesses personality in this sense is evident from three things: (a) He has the attributes of personality; (b) He does the works of a personality; (c) He has the names of a personality. Speaking of his attributes, there is one which, more than any other, helps to a realization of his personality. His attribute of love, which is referred to only in Romans 15:30. Do you know that the Holy Spirit loves you, as a believer in Christ, with a love in some sense distinct from that either of the Father or the Son? How marvelously near that brings him to our hearts! The Father's love manifested itself in the giving of his Son; the Son's love in the offering of himself upon the cross, and the Holy Spirit's love in taking up his abode in us.

2. The indwelling of the Holy Spirit. This brings us to the second thought, viz., the indwelling of the Holy Spirit. That indwelling was promised in John 14:16-17. He had dwelt "with" the disciples therefore, but he was to dwell "in them" by and by. He had been as a power acting on them from without, but thereafter he was to influence them from within. The promise was renewed again in Acts 1:4-5, where the indwelling was spoken of as the "baptism" of the Holy Spirit. The realization came on the day of Pentecost, when the disciples were indwelt, baptized and in-filled with the Holy Spirit at one and the same time.

This transaction, however, as far as the first two terms are concerned, was not limited to the church assembled on that day, but applies to the whole church since. Such would seem to be suggested by 1 Corinthians, 12:12-14, where 20 years after Pentecost we are taught that as believers "we were all baptized by one Spirit into one body." What "body" is means if not the body of Christ, the church? And what "baptism" if not that "one baptism" on the day of Pentecost?

3. The filling of the Holy Spirit. But while the first two terms of that transaction on the day of Pentecost, the indwelling and the baptism (which are one) were for the whole church potentially, and for all time, yet the same does not apply to the third, the filling of the Holy Spirit. There is but one indwelling, but many fillings. We gather this from Acts 5:31, where the same persons who were "filled" on the day of Pentecost were refilled on a subsequent occasion. And again, in Acts 6, when men are to be chosen to the office of deacon it must be by those who are "full of the Holy Spirit," as if some were thus spiritually equipped while others were not. It is something corresponding to this, therefore, which Paul has in mind in our text, when he said, "Have ye received the Holy Ghost since ye believed?" The reception of the Holy Ghost on their part resulted in an endowment of power, but in other places of the Acts, notably the fourth chapter, it is seen to have resulted not only in the spirit of power, but of unity and love. It is this that we ministers, evangelists and Christian workers need and that the whole church needs in order to accomplish her mission for Jesus Christ on earth.

How may the fillings of the Holy Spirit be received by the believer on the Lord Jesus Christ? Prayer, obedience and faith seem to be the only conditions, if they may be called conditions. Speaking of faith, there is a sense in which the gift of the Holy Spirit, i. e., the filling of the Holy Spirit, is to be received by as definite an act on our part as that by which we laid hold of salvation through Jesus Christ; but this faith is not likely to be experienced where obedience is not present. "God giveth the Holy Ghost to them that obey him," Peter says (Acts V.), and this agrees perfectly with the teaching of the Old Testament in Proverbs 1:1: "Turn ye at my reproof, behold, I will pour out my spirit unto you." Nor is this obedience merely occasional with some great thing, but it is to be usual and common in the little things.

More Economical Both in Use and Cost CALUMET BAKING POWDER

—And it does better work. Simply follow your customary method of preparation—add a little less of Calumet than when using ordinary baking powder. Then watch the result. Light, fluffy, and evenly raised—the baking comes from the oven more tempting, tastier, more wholesome.

Calumet insures the baking of an expert. Ask your grocer to-day.

You don't save money when you buy cheap or big-can baking powder. Don't be misled. Buy Calumet. It's more economical—more wholesome—gives best results. Calumet is far superior to sour milk and soda.

Lessons in Housekeeping.

A young girl of fourteen whom I know plans and cooks the dinner at home one evening of each week, and her mother stays away from the kitchen entirely on this afternoon. The girl's father gives her a small amount of money in the morning before he leaves home, and she does the marketing with this sum. The event is anticipated with great pleasure by all the members of the family as well as by the little cook, and the nourishing and appetizing dinner she serves is certainly surprisingly good.—Woman's Home Companion.

How Long Will the Women Stand 'Em?

"I am a mean man," confessed the Erratic Thinker. "My father bore the same unenviable reputation, and I had an uncle who served a term in the penitentiary and was twice mentioned for the legislature. So no one need be surprised when I remark that perusal of the dry goods advertisements causes me to wonder how soon corsets will become so long that their wearers will be obliged to roll them up around the ankles to keep from treading on them?"—Kansas City Star.

Uncle Josh's Joke.

"Gee!" said old Uncle Josh, as the wall from the parlor waxed louder and more piercing. "I wish that there female summer boarder'd stop that infernal practisin' on her singin' fer a leetle. She hez a voice like a fish."

"Like a fish?" demanded Mrs. Josh, scornfully. "Ya-as," said Uncle Josh. "Mostly scales an' flatter'n hokey."—Harper's Weekly.

Valued Patron.

"Confound it," said the uptown druggist, "that woman took all the change I had in the drawer." "Why didn't you tell her you couldn't break her \$10 bill?" "No, no; she's one of our most regular patrons. Why, I've known that woman to buy as high as eleven one-cent postage stamps in a week."

No day is long enough to waste any of it nursing a grouch.

From a woman's paper: "She wore a black velvet hat trimmed with mole feathers." An agreeable change in hat trimmings from the common fur of the pheasant.

HANDS ITCHED AND BURNED

Abbotsford, Wis.—"My son had eczema on his hands for about one year. The eczema started with a rash. His hands were sore so he could not close them, and when he wet his hands they hurt him so he could hardly wash. His hands itched and burned just terrible and if he would scratch them, they would break out into sores. He could not get any rest or sleep, and his hands looked quite bad."

"We had medicine and salve and it kept getting worse all the time. I got some Cuticura Soap and Ointment, and after washing his hands with the Cuticura Soap and putting some of the Cuticura Ointment on two times a day and tying cloths on them for about six months they got well and have not broken out since. Cuticura Soap and Ointment cured him entirely." (Signed) Mrs. Lawrence Kiehl, Feb. 13, 1912.

Does Backache Worry You?

Many who suffer with backache and weak kidneys are unnaturally irritable and fretful. Bad kidneys fail to eliminate all the uric acid from the system, keeping you "on edge" and causing rheumatic, neuralgia pains.

When your back aches, and you notice signs of bladder irregularities, suspect your kidneys and begin using Doan's Kidney Pills, the best recommended special kidney remedy.

An Indiana Case. Mrs. Mary A. Elders, Frankfort, Indiana, says: "I believe Doan's Kidney Pills saved my life. I was in agony with gravel and was confined to bed because so bad I wasn't expected to live through the night. On a friend's suggestion, I used Doan's Kidney Pills and in a short time they cured me. Nothing to Fear.
"George, dear," said the girl, "did you ever drink anything?"

"Yes, occasionally," George reluctantly admitted.

"But, dear," she went on anxiously "what do you suppose papa would say if he should discover that the future husband of his only daughter drank?"

"He discovered it this morning."

"Oh, George, and what did he say?"

"He said: 'Well, George, my boy, I don't care if I do.'"

Alarmed for His Mother.
Little Harry, hanging about the kitchen, saw a stuffed fowl sewed up, before roasting. He was much impressed by the sight. A few nights later his mother, hastily dressing to go out, found that a new frock had been sent home without the proper allowance of hooks and eyes. Summoning aid, her sister basted the frock together up the back.

"Grandma," said Harry, seeking the source of perennial sympathy and comprehension, "come and see what auntie's doing to mamma. I think she's going to roast her, for she's sewing her all up."

May Day Possibilities.

Very soon the children will be saying, "Tomorrow is May day; can't we have a party?" and if you are a dutiful, obliging mother you will say "yes, indeed, but, begin your preparations this minute." So they will get tissue paper and braid it into neat baskets; if they can get the rope crepe paper so much the better. Then they will scurry off to hunt wild flowers, place them in water over night, all ready for the early May day morning filling, then they'll hang them on the door bells and run away. Tucked inside there may be love notes and even tiny gifts.

Perhaps you will plan for a costume pageant with a May queen, recalling Tennyson's favorite:

You must wake and call me early,
call me early, mother dear;
Tomorrow'll be the happiest time of
all the glad New Year—
Of all the glad New Year, mother, the
maddest, merriest day:
For I'm to be Queen of the May, mother,
I'm to be Queen of the May.

Most children know how to dance, so you can have a group of milk maids, Scotch highlanders, English shepherdesses, Roman maids with pipes and garlands, dainty Japanese, and Robin Hood with his merry men. Crepe paper and cambric will make the costumes, and girls of twelve and over can do much towards making their own, as I know from experience that they love to do it. Dressing up and "make believe," come perfectly natural to children, and they thoroughly love plays with action. It is great fun to wind a May pole and not difficult, either, to braid the gay strips around the pole and then undo them. There may be any number of strips to wind. I want to tell you of a book called "Maypole Possibilities," by Mrs. Jennette E. Carpenter Lincoln. It will tell you much that you all want to know and I cannot take space to go into details here.

Ideas for Luncheon Tables.

At an early summer luncheon, or rather a "spring" affair, as the season is so late, have the centerpiece of the most abundant flower available. In the case I am describing apple blossoms were used. A small but very sweetly tuned music box was the centerpiece, literally covered with a mound of apple blossoms. When luncheon was announced there was "music in the air" and the guests found their places by cards decorated with apple blossoms done in water-colors and a bar or two of Mendelssohn's "Spring Song" done in gilt.

Novel Neck Frill.

A charming Parisian actress has adopted very becoming neck frills, which she wears on all her gowns. She has the gown cut in a small V and round this she wears a two-inch plisse net frill put in double and in front allowed to fall full. This dainty fashion leaves the throat bare to show a row of pearls, and yet there is no hard outline such as a severely turned-down lawn collar may show.

Models of Hats Accepted as Best of Season's Styles

across the top. The favors were candy boxes in the shape of musical instruments and the hostess said she hoped all her guests were "sweetly attuned." The home at which this pretty luncheon was given was in the country, and after the repast all repaired to the orchard and gathered blossoms, which they took home.

At another spring party the table was laid out like a formal garden with stiff little trees taken from "Noah's arks" and purchased at the favor department, as were the gilded garden tools. Wild flowers were used in toy wheelbarrows. As a pastime the hostess used some of the flower guessing contests that have appeared in our department from time to time. She had made the cards on which the questions were written in the shape of flower pots, the outside being painted to represent a potted plant. The prizes were brown baskets of spring flowers. The ice cream was served in flower pots and the salad in turnip cases. As it was made of vegetables, this was most appropriate.

Ship Party.

Did you ever hear of one? Well, neither did I until recently, and I am telling you all about it just as soon as I can. This affair was given for a boy's eighth birthday and he just loved boats better than anything else, so his mother had the tinsmith make an oval pan four inches deep, which she filled with water and put in the center of the dining-room table. Around the edge she arranged ferns and vines with moss, and in the water she placed the gold fish from the aquarium. At the toy store she bought ducks, miniature row boats, sail boats, a little steamer, swans, frogs and play fish. There was a five-cent sail boat at each place with the name of child on the side. The cake had a sail boat done in pink icing for decoration, with the boy's name and date of birth and present date underneath. All this had been kept a profound secret and all the kiddies were wild with delight. This mother is noted for her successful children's parties and she says it's because she has just the same things for each child to take home, and she usually serves refreshments first, as ice cream and cake are after all what makes a real party to the average child, and served early, the supper hour is not interfered with. Then, too, she says children are much happier and easier to manage when their stomachs are full.

Moon and Morning Stars.

Here is a Spanish game that I am sure the children will enjoy these warm spring days. One thing is necessary, and that is bright sunshine for this pastime. The girl who represents the moon stands in the shadow of a large tree or building and she cannot go out into the sunshine. All the other players are the morning stars, and belong in the daylight, so they stay out in the sun; occasionally they venture into the shadow calling alluringly:

Oh, the moon and morning stars,
Oh, the moon and morning stars,
Who dares to tread, oh!
Within the shadow?

The watchful moon keeps her eyes open and pounces upon some too venturesome star, catches her and takes her place among the stars and the victim becomes the moon.

MADAME MERRI.

Frills and Furbelows.

In Pierrot frills there is a charming novelty, the frill being of very fine white kilted net veiled by a still finer transparency of black net. Unless you see this you will hardly realize how sweet it is and how lightly the black rests mistily on its under kilt.

Debutantes, of course, have always worn tulle, and equally of course they do so still, tulle with pretty groups of roses and flowing girdles of broche ribbon. At the same time older women are making net the favorite material for blouses, and the choice is not altogether unwise, for a well-made net often wears better than chiffon, and white net is not difficult to wash and do up.

"THE CLIMATE OF WESTERN CANADA."

AN IMPORTANT FACTOR IN CANADA'S IMMIGRATION.

A letter dated February 2, 1913, published in a "People's Voice" column in a Swedish paper, while dealing with other conditions in Canada, such as grain yield, social conditions, etc., says: "We have had fine weather until New Year's, when some snow fell and it was cold for a few days, but during the past few days we have lovely weather again." The writer, who lives near Davidson, Sask., says they got from 30 to 35 bushels of wheat per acre, 60 bushels of oats and about 20 bushels of flax. All homesteads are taken in the vicinity, but wild land can be bought at reasonable figures. Word from Alberta gives the information that up to the 22nd of February there were eighty-four and a quarter hours of bright sunshine, but that did not come up to the corresponding month of 1912, when the meteorological department registered 120 hours for the 29 days.

February was exceptionally fine all through, but 1912 went one better, and was a glorious month. However, taking the weather generally throughout the northern hemisphere, February has been marked by serious and severe disturbances resulting in heavy storms, bad weather and low temperatures in many other parts.

The coldest temperature this week occurred on Tuesday morning, when the thermometer registered 23.5 below, and the coldest Wednesday was 11 below. During the last fortnight of February 9 and 8.7 hours of bright sunshine spread its glorious rays over Edmonton, and this out of a possible total of about ten hours is something to talk about.—Advertisement.

Possibly Two Conflagrations.

"Papa, what is a conflagration?"
"It is a big fire, my son."

"And what do they call a little fire?"

"There is no special name for a little fire. Oh, they sometimes call it an incipient fire and—let's see—well, it is sometimes called an inconsiderable fire. Why?"

"Well, I see your coat-tail is on fire, and I was wondering whether it was a conflagration or an incipient fire."

In a few minutes the young man had reason to think it was a conflagration.

Scissors for Memorial Wreaths.

The police of Berlin applied the censorship of the scissors to a recent demonstration at the cemetery where are buried the socialists and anarchists who fell in the revolution in Berlin March 18, 1848. Hundreds of visitors brought wreaths, the socialists red and the anarchists black, to lay on the graves. The police, with scissors, stood at the entrance to the cemetery. Every wreath was submitted to them, and the sentiments on the ribbons had to undergo the censorship of the scissors.

"One day a friend advised me to take Lydia E. Pinkham's Vegetable Compound and it made me a strong, well woman. ELAM'S PLATFORM.
"For better school houses, better equipment, and better schools for the 5,000 school children of Magoffin county."

If you are in favor of this platform, vote for him and speak to your neighbor-voter, in his favor. These 5,000 children of Magoffin will rise up to thank you for thus helping them, to come into possession of one of the greatest assets of the race, an education.

I VOTE FOR S. S. ELAM.

That is if I live to see the election. In fact if I had 100 votes I would cast them all for S. S. Elam for Supt. of public instruction. Why? Because he is qualified both Mentally and Morally for the job. A vote for him is a vote for better school houses and schools for the 5000 school children throughout Magoffin county for he is a man of great energy and honor and so far as I know, makes no promises which he does not fulfil, and I believe him to be thoroughly reliable and worthy of the esteem and confidence of any who wishes to deal with him.

I consider him as one of our most desirable candidates and I am well acquainted with Prof. Elam. He visited the college when I was going to school and made an excellent speech, and I have been at his home many times and I find him to be a perfect gentleman and want all of my friends to vote for him and we will bring old Magoffin to the front. I hereby give S. S. Elam the permission of publishing this letter in the Mountaineer.

My father says that he knows S. S. Elam's father well. He got acquainted with him over 20 years ago and says that he has staid with him many a night while running the river and considers him as a perfect gentleman. Whether you are a republican, democrat or a bull moose vote for Elam, and we will have much better schools.

Yours truly,
Lennie McCarty of Lakeville, Ky.

TO WHOM IT MAY CONCERN:
This is to certify that I have known Prof. S. S. Elam for five months, since the beginning of the school term in September 1906.

While I am not in any way connected with the school at present, I was for years a member of the board and have observed the demeanor or the pupils on the school grounds and to and from school, my residence being closer than any other in Newport to the school building, has given me an opportunity to observe the government of the school and I can say that he has succeeded in disciplining the school better than any of his predecessors for years. From what I have seen of him he is an unexceptionable disciplinarian.

Very truly yours,
J. A. Sasong, Pres.

"Pittsburgh Perfect" Fence

DON'T BE FOOLED

There's no "bunkum" about weight per roll when you buy "Pittsburgh Perfect" because it is constructed without using extra wire to make the fence-joints. The extra weight of the joints in all wrapped, clamped, twisted or tied fences supplies no extra strength, but actually weakens these fences by persistently dragging down the

panels, twisting them and making you buy more. "Pittsburgh Perfect" is made with electrically welded joints, a continuous length of wire based upon the weight of the wire, because it makes the expense of extra wire put this money into your pocket.

Made in Different Styles for FIELD, FARM, RANCH, LAWN, CHICKEN, POULTRY and RABBIT YARD and GARDEN

Every Rod Guaranteed

Ask your dealer for "Pittsburgh Perfect" and insist on his furnishing it. Do not allow him to persuade you that some other fence is just as good. If he doesn't sell it, write us direct.

YEAR BOOK of Stark Bro's Nurseries & Orchards Co. MAILED TO YOU FREE

Just say on a Postal Card: "Send me a copy of Stark Year Book for 1913." When writing, also tell us how many trees, shrubs, vines, etc., you will probably plant this season.

This Year Book is more than a mere catalogue of Stark nursery products, it is a practical, easy to understand text book for the guidance of the man who plants trees. Our own experience of nearly 100 years, the reports of experiment stations and the opinions of planters from all sections are condensed and reproduced for the benefit of busy people. An encyclopedia of orchard information, containing full size color illustrations of gloriously tinted fruits and many photographic reproductions in black and white; also information on many subjects in which the orchardist is interested. Hundreds of varieties of apples, pears, peach, plum, cherry, apricot, quince, grape and all small fruits are described; weaknesses of each variety are pointed out and good points are explained. We feel that planters should know both. Those interested in growing fruits or flowers or shrubs or shade trees will find this book of inestimable value; totally different from the average nurseryman's publications. It is a book you will keep for reference, and one on which you can depend as being absolutely accurate. Write today for your copy.
